A Fresh Approach to Conversations About Abortion

Saturday, April 22, 2023
9:00 – 3:30 PM

St. Francis Catholic Church

Learn how to respond to the toughest pro-choice arguments with truth and love.

Equal Rights Institute's Emily Albrecht will teach you what ERI's team has learned about changing pro-choice minds about abortion after years of carefully testing arguments in thousands of conversations all over the country. We have learned which arguments

are the most persuasive to today's pro-choice advocates and how to communicate them in ways that they find compelling.

You will leave ready to engage any pro-choice advocate who defends abortion with arguments based in difficult circumstances, biology, personhood, or bodily autonomy.
